Web Site — Price Matrix, More Product Categories Coming

Beginning January 2009, you will find **more product categories** on the web site so you will be directed more quickly to products or specific items.

The web site **Price Matrix** will provide you with the price of an item based on a dollar range symbolized by \$, \$\$, \$\$\$ or \$\$\$\$\$. Since the price of steel and other materials is constantly fluctuating, it's impossible to publish a price list that's valid for any amount of time. We hope the Price Matrix will help you be more efficient and productive when reviewing potential products for projects.

We at Streetscapes want to wish you a Merry Christmas, Happy Hanukkah, or Happy Kwaanza. To our friends around the world, we say to you . . . Happy Christmas
