

# Heard on the Street

April 2008

## What's New

Spring is almost here (we hope). Time to plan for the long summer months ahead. Time to spruce up with planters, hang out the banners, design the new streetscape or refurbish the public spaces with new benches, loungers, umbrellas, picnic and patio areas.

**ALLIED FIBERGLASS PLANTERS** Planters, trash receptacles, seating and recycling units with designer color selections, light weight stone composites and patina metals. Sixteen to forty-five gallon receptacles and planters from 10 to 96 inches wide and 8 to 60 inches high. Custom sizes and designs are available on a quotation basis.

## Thanks for Your Feedback!

Thanks to all of you responding to the question regarding alternatives to the paper catalogs. We particularly liked the idea of putting the catalog on read/writeable jump drives and establishing a RTP file for updates. **Stay tuned!**
