

New Bench Ideas!

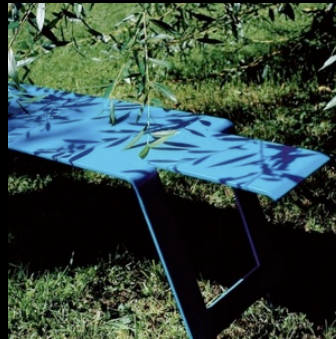

Charivari

The Charivari bench designed by Juliette Liberman is art as public seating. Available in vibrant attention grabbing color.

Northlakes

The Northlakes bench is constructed with cast aluminum end frames and Boulevard Upscale sustainable hardwood.

Origami

The Origami bench designed by Harald Guggenbichler is another elegant art bench designed for both indoor and outdoor use.

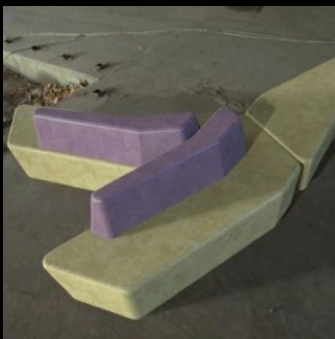

Urban

The Urban lightweight GFRC bench is available in four widths with both 45° and 90° corners. Use as a seat wall to create public seating areas or border for landscapes.

Flight Deck

The Flight Deck formed metal bench is part of the Flight Deck Collection which includes benches, trash and recycling receptacles.

Rune

The Rune lightweight GFRC bench is available in three models - backless, inside and outside backs. Ideal for public plaza's, streetscapes and other areas where weight is an issue.

Intersit

The Intersit metal grid bench is available in back, backless and two sided models. It's ideal for the urban environment where durability and design are important.

Buzz

The Buzz bench combine bike racks and bench into a single unit. Available with the bike racks on one or both sides and with open or closed bottoms.
